

VLC\VLK-69F-MUS

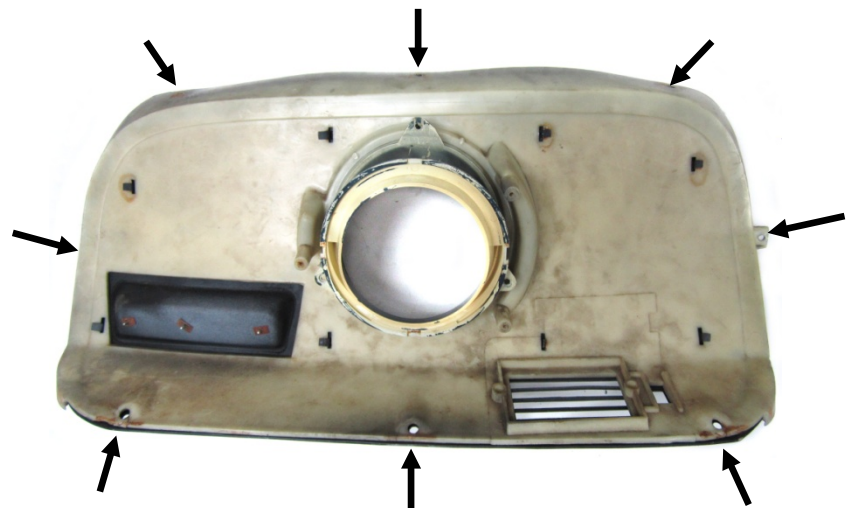

Dakota Digital VHX Clock Installation
For 1969-70 Ford Mustang

Your new VLC\VLK-69F-MUS kit includes:

Installation

1. Remove the 8 screws securing the clock panel to the dash and remove from the car for easier installation.

2. Remove the bezel spacer from the factory dash and set aside. The spacer and three screws will be attached to the clock later.

3. Using the supplied 6-32 x 1/4" screws, lock washers and hexagonal stand-offs, thread the screw/lock washer through the mounting tab and into the stand-off.

4. Using the supplied 6-32 x 3/8" screws and lock washers, thread the screw/lock washer through the factory spacer and into the stand-off.

5. With the three factory screws removed in Step Two, attach the assembled clock and bezel spacer to the dash. Connect the CAT5 cable and for VLC's the 12V power harness to the clock and route to the control box.

6. Reinstall the assembly in to the dash and refer to the Operation Manual to complete the clock setup.
